

School bus service

State legislation won't affect local control

The provision of any school bus service is at the option of each local school board, and no state legislation is likely to change that community control.

Assemblyman Floyd Mori made that clear on Monday in a follow-up report to The Times on the growing contro-

versy over transporting students to schools in Dublin and Pleasanton.

"I have researched the matter further," Mori said from his Sacramento office, "and I am convinced that I have no place in this dispute, other than to attempt to mediate the matter between the

local school administration and the parents in Dublin and Pleasanton."

The 15th Assembly District representative had met with delegations of local parents in his Pleasanton office on Saturday. It was then those parents asked Mori to carry amendments to the state leg-

islature that would set strict standards for the provision by local school boards of transport to neighborhood schools.

"Existing state codes prescribe the minimum walking distances wherever school bus transport is to be provided, and where state funding is requested," Mori explained.

State codes say that such funding is not available for busing within three-fourths of a mile from school for grades K-3, within one mile for grades four to eight, and within two miles for grades nine through 12. The state however sets no maximum on the distances students might

be required to walk.

(The legislative amendments drafted by local parents would have required school busing for primary tots walking in excess of one-half mile; for other elementary students walking over three-quarters of a mile; and for high schoolers one

and one-half miles from their classes.)

Mori noted that he was "sympathetic" to the parental concerns expressed to him last week but added that "I also understand the financial problems facing the local school boards. They have to make the final decision in this

case."

He said he has been in contact with School Superintendent Bruce Newlin "and I am now asking the parents concerned to set their own ideas down on paper," and some follow-up meeting might then be called to "to see how far apart both sides are."

Fifth building takes classes

Valley campus ready to open

An estimated 3,000 students are expected to be enrolled in classes when Chabot College's Valley campus opens here next Monday.

Late registration for fall enrollment in the campus will be held Wednesday, Sept. 10 from 6 - 9 p.m. in the newly-completed Building 500 at the campus, located at 3033 Collier Canyon Road in Livermore.

Classes will be taught at 20 locations in the valley in addition to nearly 100 different courses at the campus itself.

General late registration will be offered at the Chabot campus in Hayward Thursday, Sept. 11 from 6 - 9 p.m. for classes taken in either Hayward or the valley.

Final late registration will be held Saturday, Sept. 13 at the Hayward campus from 8:30 - noon in Building 500. Signs will be posted to direct new students to proper registration points.

Fall quarter marks the beginning of the first full year of operation for the Valley campus. Valley campus Dean Dr. Barbara Mertes asks all those intending to register for

classes at the Livermore campus to try and make Wednesday's session in order to meet the personnel and familiarize oneself with the surroundings.

"Students coming to our campus early will receive lots of tender loving care," Mertes beamed. She said several support services will be operating during registration, including veterans' representatives, financial aid information, and curriculum counseling.

In addition, the bookstore will be open during the night session so students can avoid the traditional long book buying lines. A list of books required for particular classes will be posted to speed the process.

Although the list of classes offered at the campus is increasing, Mertes insists the number of classes at other valley locations is holding constant.

"Classes aren't offered at other locations because the facilities don't exist here, but because the need is out there," said Don Milanese, assistant dean of instruction

in charge of evening and extension operations.

"I doubt if there will ever be a time we won't offer classes at other locations," Mertes said. A number of day, afternoon and evening classes are offered at Amador, Dublin and Granada High Schools.

The Valley campus hopes to enroll a minimum of 1,000 day students and 2,000 evening students this quarter. Mertes said they can't apply for state aid unless the institution can match funds — which they can't do at present enrollment levels.

"We need 2,500 day students to pay unit cost. If we can maintain our building program at its present level, we can reach that goal," she said.

Building 500, the fifth and largest structure on the campus, is nearly complete and will be open for classroom instruction when the quarter begins Sept. 15. The last building in the original construction schedule, it will house a machines skills laboratory, electronics lab, secretarial lab and four general

lecture classrooms.

Official dedication ceremonies will be held Sunday, Oct. 19 on the soccer field for the structure. Construction to finish minor exterior trim will continue for a short time into the quarter.

A 2,080-square-foot relocatable building will be placed in the middle of the campus in mid-October to serve as a student lounge, complete with sofas and tables for between-class study and relaxation.

This quarter's offerings are greatly increased over the spring, including new courses in music (guitar), foreign language (French, and Mexican culture and "survival" Spanish), physical education (conditioning for the executive), and a back-to-nature walk through regional parks course.

Assemblyman Floyd Mori will teach Economics 1A, an introductory class, and Economics 24, "Economics and the California Scene," an experimental class. The legislature is adjourned until January 1, so Mori will not have a long commute.

Pleasanton schools' economy move

Bus cutbacks anger parents

PLEASANTON — The Pleasanton Elementary School District's efforts to economize by cutting back school bus service has left transportation director Mike Ananos wedged uncomfortably "between a rock and a hard place."

That was how Ananos plaintively described himself yesterday, after being bombarded with angry calls from parents who had watched aghast as a half-empty school bus went by the Black and Harvest bus stop yesterday morning while their children had to tramp across the Del

Prado tract to get onto the bus.

Illogically, the same bus dropped the children off AFTER school at Harvest and Black.

Questioned about the peculiar one-way bus route, Ananos explained that a group of parents had attended last Wednesday's school board meeting to ask for reinstatement of a stop along Black Avenue, so their children would not have to cross busy Hopyard Road to get to after-school destinations.

Two parents who were at the meeting, Larry and Susan

Smith, say they had asked for reinstatement of both the in-bound and out-bound stops, not just the stop after school.

But the school board apparently heard only the request for the after-school stop, and instructed Dr. Bruce Newlin, superintendent of schools, to take care of the problem.

Dr. Newlin was not at work yesterday, the first day that the new bus route went into effect. Nor was Doug Rose, assistant superintendent, who would also have authority to change the route. Both will be back tomorrow.

And the school board, final

authority in matters of busing, won't meet again until the first Wednesday in October.

Schools are closed today, but tomorrow buses will start running again. And unless Ananos makes a last-minute decision to change the bus route without authorization from the superintendent, once again the buses will be passing up primary students on their way to Alisal School, while faithfully dropping them off at Harvest and Black on their homeward trip.

Rancho de la Cresta even smaller?

Development decision put off

Alameda County Bureau Carl Nipper's proposal to put some 300 dwelling units along the Pleasanton Ridge

was put over until Nov. 24 at Nipper's request yesterday at the Alameda County Planning Commission meeting in Hayward.

Nipper had originally proposed over 600 homes in Rancho de la Cresta — a 460-acre parcel — but reduced that to 300 under pressure from environmentalists. It is expected his November proposal will call for even fewer homes.

The Evangelical Free Church of Pleasanton received permission to subdivide a five acre lot into three smaller plots, although the board of supervisors must approve.

The planning staff recommended against approval, citing inadequate sewage treatment facilities and the setting of a precedent for future development without sewers.

However, the planners felt that since the church had a plan approved three years earlier, only to have it over-

turned by the supervisors because the neighbors objected, the group should have another chance.

Also, in this case the neighbors are all in favor of the plan.

The commission similarly overruled the planning staff in the plea of William Webb, despite a letter from the Alameda County Health Care Services Department stating that it opposed the idea.

Webb hopes to add four more homes on Country Lane, just off Foothill Road south of Castlewood, again without sewage treatment facilities.

This also goes against the recently-adopted Pleasanton-Dublin Hill plan, in which the supervisors said that further development along the foothills should not take place unless the area is serviced by a utilities district.

The planners did uphold the staff on disallowing Bedtime Waterbeds in Dublin to add another sign to the front of

their store. Bedtime is located in the Village Square Shopping Center.

Council ponders population

PLEASANTON — City lawmakers Monday night were confronted with a dilemma — to follow the city's interim general plan, or to call for a population of 76,000 by the year 1996, or settling for a much smaller state figure.

The state will not provide any money for Pleasanton to grow beyond 48,600 by the year 1996.

Council members will meet with the planning commission for a work session Oct. 6 before making a final decision

It could happen

Tennis Sept. 25?

PLEASANTON — A new private tennis court could open as early as Sept. 25 in a vacant Volkswagen warehouse if planning commissioners follow the recommendation of city staff Wednesday night.

Pietro Denevi and Anthony Martino, who operate a similar club in San Carlos, have applied for a conditional use permit to convert the warehouse near the intersection of freeways 580 and 680 into a club housing 21 tennis courts, an exercise room, lockers, a snack bar, tennis pro shop and handball, racquet ball and squash courts.

"Tennis is a very popular activity among the residents of the city of Pleasanton, and courts are sorely needed," said the staff recommendation.

"The addition of 21 courts in the warehouse would go a long way toward satisfying that need."

The tennis operators plan a program for different age groups that would include interclub play, women's and men's games, clinics, trips to tennis events, tennis demonstrations and dances, bridge groups and other social events.

Most activities would be limited to those who hold the 1,000 memberships that will

be sold to individuals, couples and families.

However, nonmember tournaments for "lower ranking professional tennis players" may be held two or three times a year, and could attract as many as 500.

The club, which could open Sept. 25 at the earliest under city law if a permit is approved, is expected to draw as many as 150 at a time when there are no special tournaments.

The 144,000-square-foot facility at 7090 Johnson Industrial Dr. would provide parking for 175 cars.

In recommending the club, staff noted that it would be better for the city's economy if an industry were located at the site, which is zoned for

general industrial use.

But the zoning also permits recreation facilities and, says the staff recommendation, "the property has been standing vacant or partially vacant for almost two years for lack of an industrial tenant."

The commission will consider several other matters at its 8 p.m. meeting in the Pleasanton Justice Court, including an application by Morrison Homes to build 41 houses in the Woodthrush tract.

Planning staff recommended adopting Morrison's environmental impact report on the proposal, but "very strongly" recommended that the proposal itself be turned down because of a lack of available sewer connections.

Supervisors hearing tomorrow

Sunol Ridge may face final test

Alameda County Bureau OAKLAND — Would-be Sunol Ridge developer Edwin Burr will face what may be his last test in developing eight home sites on the ridge when he goes before the Alameda County Board of Supervisors Wednesday to fight off an appeal by a Hayward professor.

Sherman Lewis, a professor at Cal State University, Hayward, has appealed the county planning commission's approval of Burr's proposed development.

Burr cleared the planning commission in spite of its staff's objections that the access road would be too steep, narrow and winding for public safety.

His plans call for eight, five-acre building sites on parcels ranging from 100 to 125 acres with a locked gate at the foot of the road.

Of the 1,520 acres on the ridge, the remaining 655 acres would be preserved "in common" for the eight parcel owners.

An environmental impact report issued in April said the plan would have no "significant impact" on the rural Sunol community and is "consistent with the long term objectives of the county."

It warns, however, that approval of the access road could induce developments of similar and more intensive use of areas not planned to accom-

modate development."

Lewis and the Preserve the Area Ridgeland Committee (PARC) have fought Burr's proposal since its inception.

If supervisors uphold the planning commission's approval, Burr will proceed with his two-year long fight to develop the ridge.

Lewis' appeal was scheduled to be heard last week, but the county failed to notify Burr and the proceedings were continued.

Supervisors also will hear a recommendation by county planning director Bill Fraley that Dublin's historic Fallon House be removed from the county's priority list of projects to be completed with 1974

state Proposition I funds.

Fraley wants Valley Community Services District (VCS) to accept responsibility for restoration of the home.

Supervisors will meet at 9 a.m. at the county administration building, 1221 Oak St.

Council turns down Kay

LIVERMORE — The city council unanimously denied approval of two tentative subdivision maps filed by the Kay Building Company last night.

More than 80 homeowners supporting the council's ac-

tion were present at the meeting.

The subdivisions were north of Joyce Street and Katrina Way.

The council's denial was based on planning commission findings relating to limited sewage capacity.

New Livermore location Safeway opens store Sunday

An in-store bakery and twelve high-speed check-stands highlight the opening of Safeway's new store at 1554 First St. in Livermore on Sunday, Sept. 14.

The 3129-square-foot store replaces the Safeway located at 1450 First St. The public is invited to a ribbon-cutting ceremony with civic and com-

pany representatives which will precede the opening at 8:30 a.m.

The store exterior features split-faced concrete block walls with a bronze anodized store front, and white-colored cement plaster to contrast with the red Spanish roof tile in keeping with the center's design theme.

The interior will have a departmentalized layout featuring wide aisles and the latest in efficient energy-saving lighting and air conditioning equipment for customers' shopping convenience.

Russell "Bud" Shult, former Pleasanton Safeway store manager and presently manager of the adjacent store, has been named to head the new store. Shult and his family reside in the valley.

Ron Coe, first assistant manager, started his Safeway career in 1965 as a food clerk and became assistant

manager at the adjacent store. Dario Vincent Lucchetti, second assistant manager, began his Safeway career in 1968 and was promoted to assistant manager in San Ramon in 1974.

Operating hours for the new store will be 9 a.m. to midnight Monday through Saturday, and 9 a.m. to 9 p.m. on Sunday.

Survival course starts 4th year

LIVERMORE — Beginning its fourth successful year, the adult education course, "Safety and Survival" is again offered for the fall quarter as part of the Livermore Unified School District adult education program.

Registration will be open until Sept. 18 at the Adult Education office, 3044 East Ave. Classes will be held each Thursday, 7-and will lead to certification in the newly revised American Red Cross advanced first aid curriculum.

Standard first aid is no longer a prerequisite for the course.

The course also satisfied OSHA requirements for first

aid training of supervisory personnel.

Registration and attendance by the second class is required. The instructor is David G. O'Connor, city fire prevention officer.

Near catastrophe

Thirty-three-year-old William Kwaizer of Pleasanton is listed in "stable" condition at Valley Memorial Hospital's Intensive Care Unit following a Sunday evening motorcycle accident. California Highway Patrolmen say Kwaizer was heading south when he lost control of his bike just north of Highland Oaks Drive about 6:30 p.m. He was bandaged at the scene and rushed to VMH.

Sources of Energy—No. 1 of a series

If it rained all the time, electricity would be cheaper.

PG&E employs five sources of primary energy—oil, natural gas, natural steam (geothermal), nuclear fuel and falling water (hydro power)—to turn turbo-generators which produce the electricity for its interconnected network system. They are "mixed" for maximum efficiency to generate power at the lowest possible cost.

To harness water for power, we have built one of the nation's greatest hydroelectric systems. In "average" rain and snowfall years, hydro provides about 50% of our electric energy. The force of falling water makes the wheels go 'round in the generating plants.

Hydro generation neither contaminates nor consumes the water itself. It is returned to the rivers undiminished, to serve agriculture and other vital needs.

Building hydroelectric facilities is expensive, but they are economical to operate. The low cost of hydroelectricity is one reason why our rates, despite recent increases, remain among the lowest in the nation.

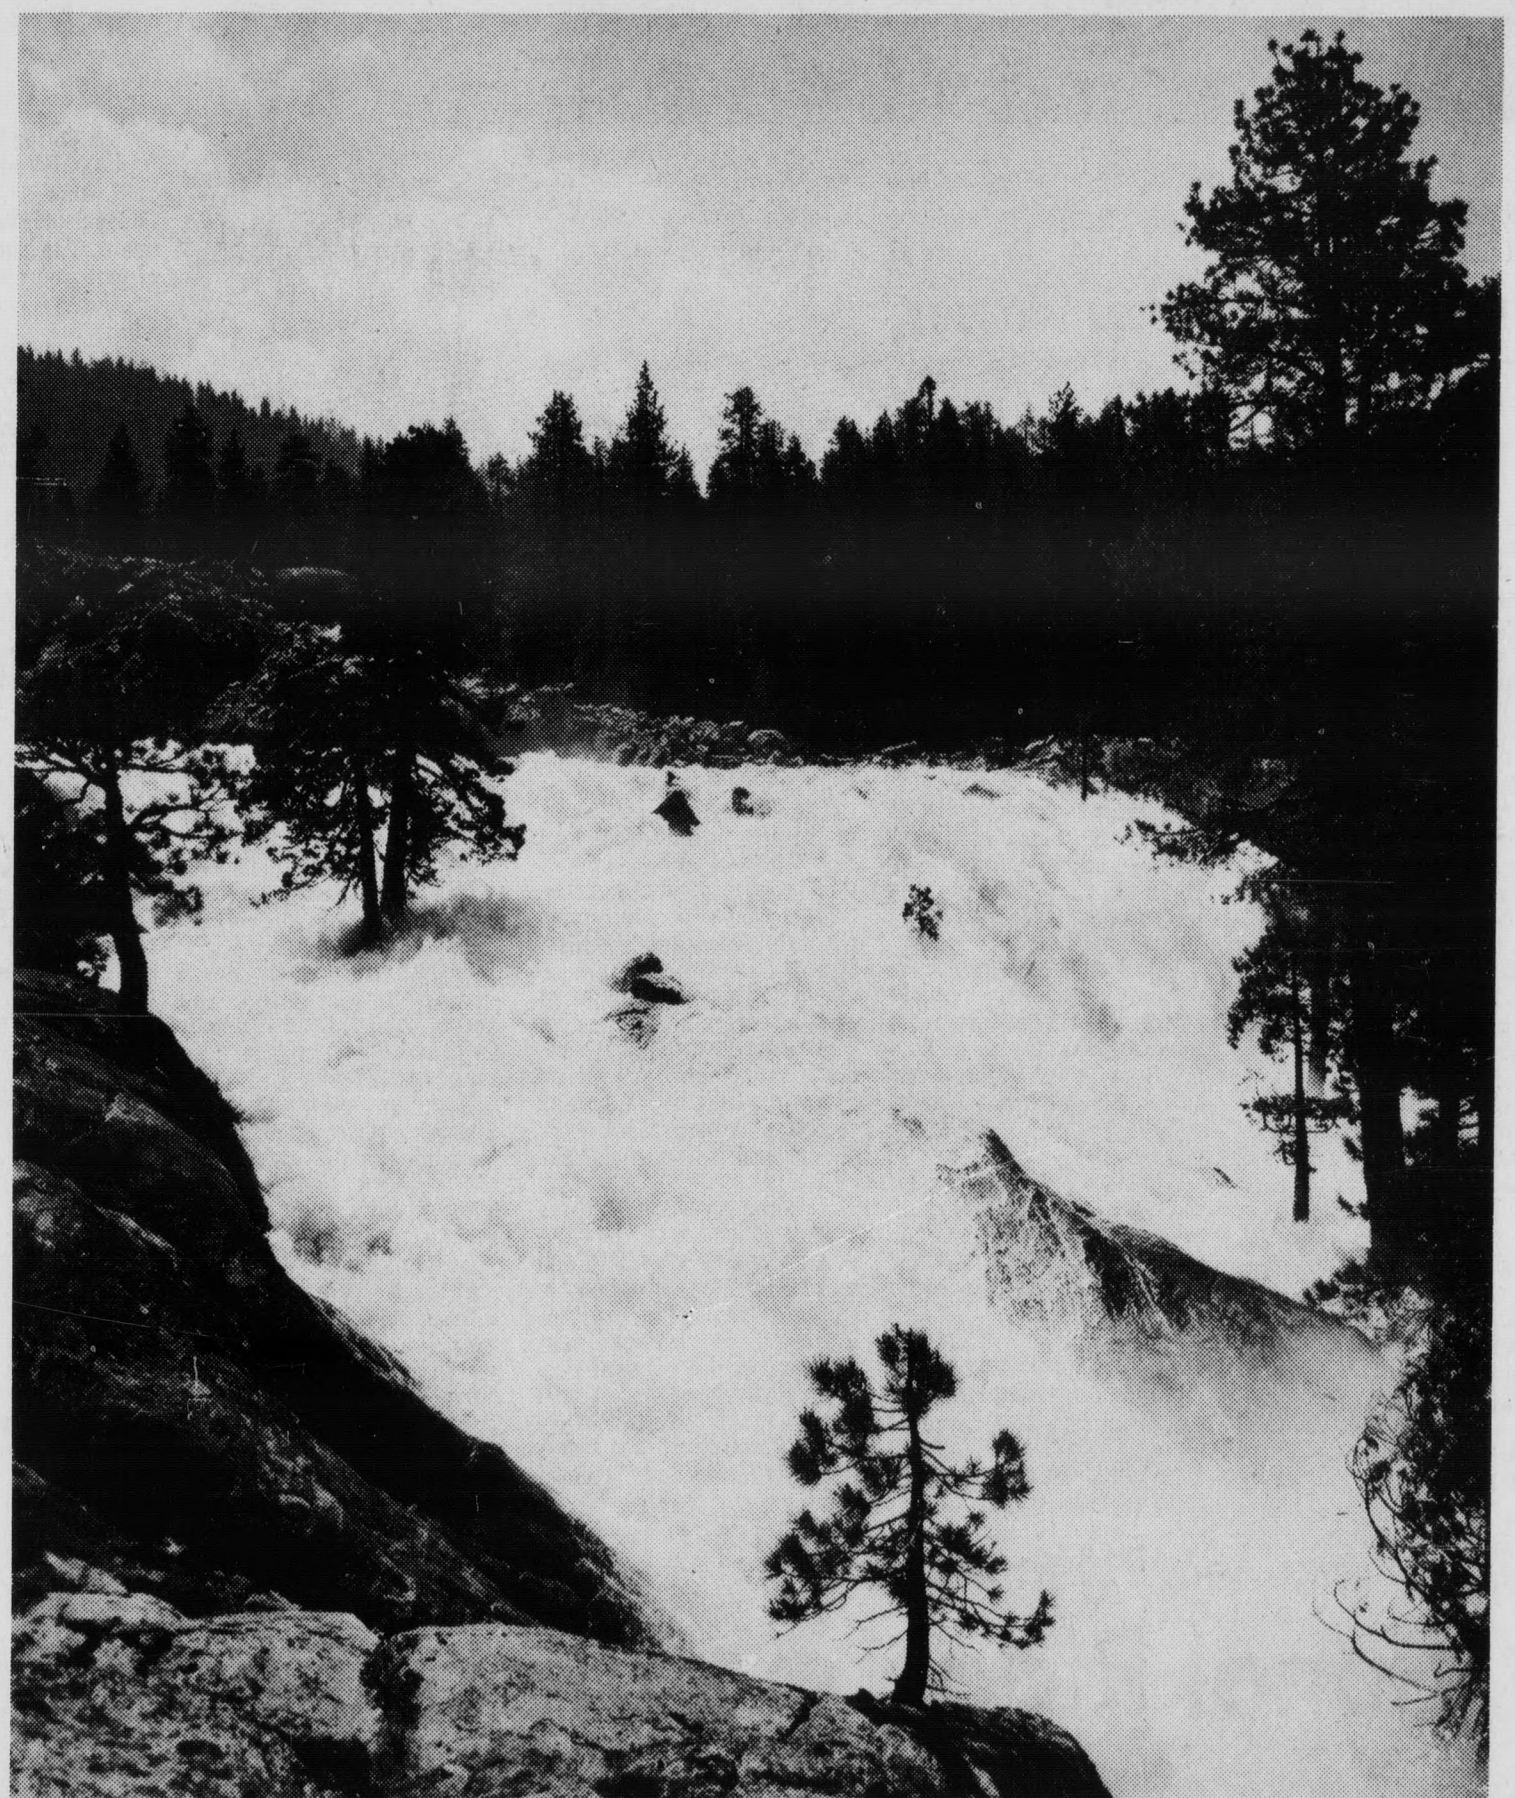

Diversity: Other sources of energy

Oil and natural gas have become more prominent in our energy mix in recent years because nearly all economically acceptable hydro sites have been developed. But the costs of these fossil fuels have been skyrocketing. In just 5 years, the prices for gas have more than doubled and the cost per barrel of low-sulfur fuel oil has quintupled. All but two of the PG&E electric rate increases requested in the past five years were to offset these higher fuel costs.

The alternative to oil and gas, which are getting more scarce and more costly, is uranium. Nuclear power plants can produce electricity at half the cost of a new oil-fired plant. Our two nuclear units at Diablo Canyon will save our having to buy 24 million barrels of expensive imported oil a year.

These are the good reasons why PG&E and other utility systems, at home and abroad, are building nuclear plants.

PG&E operates The Geysers, the nation's only geothermal power plant. Although a rela-

tively inexpensive source of power, it presently supplies only about 4% of our customers' needs. Its most optimistic potential would supply only about 10%.

Coal one day may be our sixth source of primary energy. We are in the process of acquiring reserves in Utah.

Recent developments in solar power show interesting promise, but its use as a major source is, at best, many years away. Tidal and wind power are still in limited development, and may

never become practical for large-scale commercial use, but research continues.

The demand for electricity continues to grow, partly because population itself continues to grow. In 1974 alone, about 100,000 more people were added to PG&E's service area. Energy conservation efforts must continue, but conservation efforts alone will not eliminate our need to build ahead today for your tomorrow.

It's our job to keep you pro-

vided with adequate energy and reliable service at the lowest possible cost. And for our part, we intend to do just that.

For your part, we hope you will continue your efforts to conserve energy. It is too precious to waste.

Biggest fiesta ever planned

Veronica Hernandez (left) wears the traditional costume of La China Poblana associated with the Mexican Hat Dance which she will perform at Saturday's fiesta. Her sister, Veronica, and mother, Gloria Hernandez, will attend the celebration in costume.

By REINA WHITNEY

Mejicanos. Viva, Mejico! (Mexicans. Long live Mexico!)

Early in the morning on September 16, 1810, a middle-aged Creole priest rang the bells of his parish church in a little village of Dolores, Quanaajuato, Mexico, and gave this rallying cry (grito) which started the revolutionary movement in Mexico that would lead to its eventual independence.

To this day at the presidential palace in Mexico City, the president of Mexico rings the very same bell that Father Hidalgo rang on that eventful morning 165 years ago. It is a day of great celebration—of FIESTA—not only throughout the southwest part of the United States, but wherever there are Americans of Mexican descent.

Here in the Livermore Valley Mexico's Independence Day will be celebrated Saturday, September 13 at the Camperos del Valle Ranch grounds located on Vallecitos Road (Hwy. 84) between Livermore and Sunol. It will follow a bicentennial theme, reminding us that in 1776 this land of California was WAS Mexico, and any celebrations held here at that time were Mexican in nature.

Livermore's Latin Organization for Betterment, under the guidance of Mrs. Frances Diaz, is joining forces with Project Southwest, to make this the most memorable "FIESTA" that local citizens have ever been invited to join.

There will be a Jarapeo (Mexican Rodeo) for which members of the Camperos del Valle Charro Association will demonstrate Mexican riding and roping techniques as well as perform exciting tricks on horseback.

To further commemorate the Mexican heritage of our country, the air will be filled with the fabulous mariachi music of Los Rancheros de Juan Fernandez and a musical group which calls itself "Sangre Azteca." Two famous vocal artists from Mexico, Pedro Yanez, and Rueben del Campo are also donating their talents for the celebration.

Mrs. Frances Diaz

In addition to the charros and mariachis, the local Ballet Folklorico will perform, and the fiesta chairmen promise plenty of that good Mexican food and refreshments. The celebration will begin at two in the afternoon and is scheduled to last until eight in the evening.

All proceeds from the day will go towards a scholarship fund. Latin Organization for Betterment has been giving scholarships to needy students of Latin American origin since it was founded ten years ago. Project Southwest is backed by professional men most notably in the engineering field, and usually gives its scholarships to aspiring engineer students.

Tickets are \$4 if the donation is made in advance or \$5 at the door. Children are half price. For tickets you are asked to call 447-7722, 447-3520, or 447-8057, or send a stamped self-addressed envelope to Latin Organization for Betterment, 712 Falcon Way, Livermore.

Those attending are encouraged to come in Mexican costume if possible and join in the grito, VIVA MEJICO!

Brunch introduces valley women to local AAUW

Prospective members of the Livermore-Pleasanton branch of the American Association of University Women will be hosted at a Sept. 13 membership brunch and business meeting on the theme "Women on the Move."

The branch will acquaint guests with its programs for the coming year from 10 a.m. to 1 p.m. at the Kaiser Research Center in Pleasanton. Among upcoming programs are a community conference on the legal rights of women, a drug education symposium, a bicentennial fashion show, and a variety show "We Are America" featuring ethnic talent groups.

Study groups and special interest groups within the branch organization will set up displays featuring their activities. Study topics for the year include "Generating Creativity," "Living with Less," "Economic Facts of Life," and "The 21st Century." Special interest groups incorporate gourmet cooking, stichery, gardening, bridge,

tennis, swimming, biking, theater, books, investments and excursions.

There are currently 260 local AAUW members. Officers for the 1975-76 term include Gail Garrison, Sharon Kosch, Meredith Tibbey Nancy Hawtrey, Kathy Hauck and Julia Kleinschmidz.

For more information

about the brunch or AAUW, contact Ginny Faltings at 443-0238. For those who need transportation to the brunch, contact Patty Rabada at 846-4280.

The association is open to all women with at least a bachelor's degree from an accredited university or college.

Meredith Tibbey, Ginny Faltings and Carol Slater are among the 260 local members of AAUW. They will introduce themselves and the association to newcomers at a brunch Saturday.

Hotliner training

The Dublin Hotline, Inc., a local drug abuse program located at 4361 Railroad Ave. in Pleasanton, will offer a six-week phone training program for potential "listening" volunteers beginning Wednesday, Sept. 10.

The first session will convene at 7:30 p.m. Interested persons are asked to call the Hotline center at 462-5544 to register. Some of the subjects to be covered at the training sessions are drugs, alcohol, active listening, values clarification, suicide and health. The training program is co-sponsored by Project AIRE (Alcohol Information Referral and Education).

BICENTENNIAL FACTS

The land war went well during the first year of the Revolution. Gen. George Washington built up his army in the Boston siege lines during the winter of 1775 to 1776, and by spring had sealed off the British defenders so effectively that their position clearly became untenable. On March 17, 1776, British Gen. Howe's army sailed away to Nova Scotia, leaving Boston and 250 cannon in the hands of the Continental Army. The World Almanac recalls.

For Tuesday, Sept. 9, 1975
ARIES (March 21-April 19) Efforts expended on behalf of someone else will be rewarded in a most unusual fashion in the near future.
TAURUS (April 20-May 20) You tend to benefit today through close associates or partners. You will be let in on something. It will prove much to your liking.
GEMINI (May 21-June 20) You're very creative at home today. Little tasks that are usually a bore will prove to be pleasant diversions.
CANCER (June 21-July 22) Much attention will be centered on you today. Your company will be sought by others. You may even get a surprise invitation.
LEO (July 23-Aug. 22) Something is stirring to make both you and your family feel more secure. It could be that raise you've been hoping for.
VIRGO (Aug. 23-Sept. 22) You'll be receiving some good news. You'll be anxious to share it with a few choice friends. It will come through a unique channel.
LIBRA (Sept. 23-Oct. 23) This should be a good day for you where things of a material nature are concerned. Be alert for a chance to fill your piggy bank.

Your Birthday

Sept. 9, 1975
More travel than usual is likely for you this coming year. The trips won't be long ones, but they will be interesting and pleasurable. Keep a small suitcase packed.

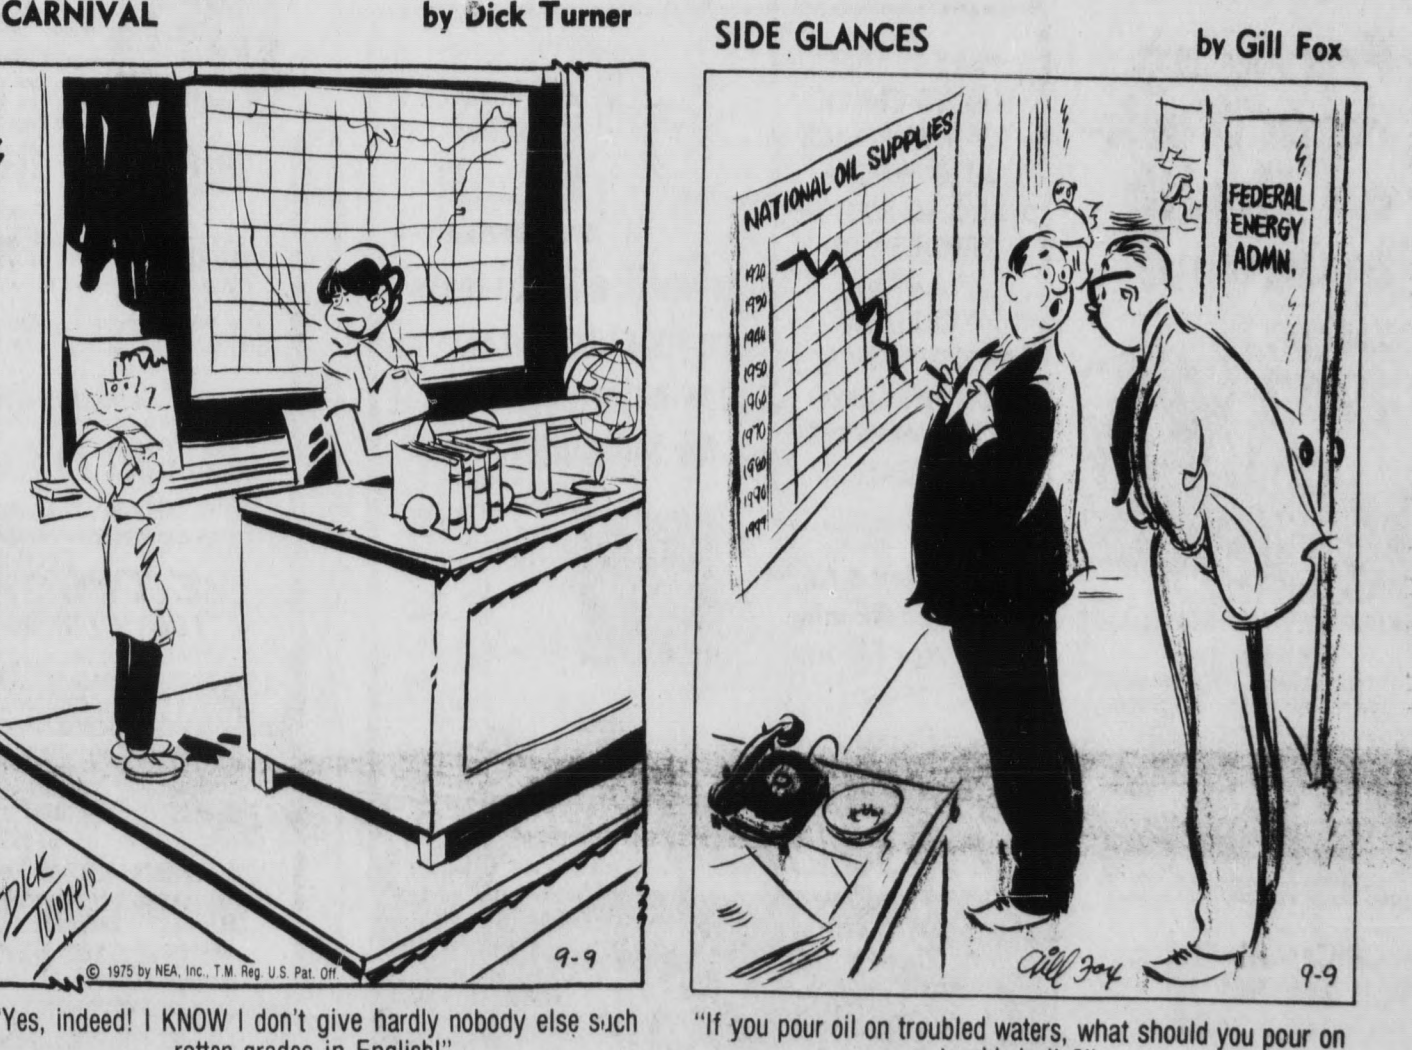

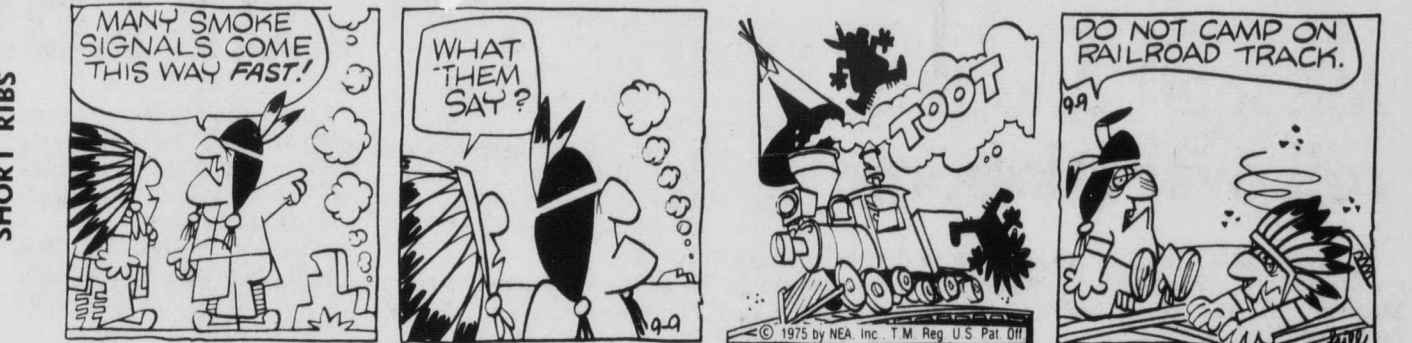

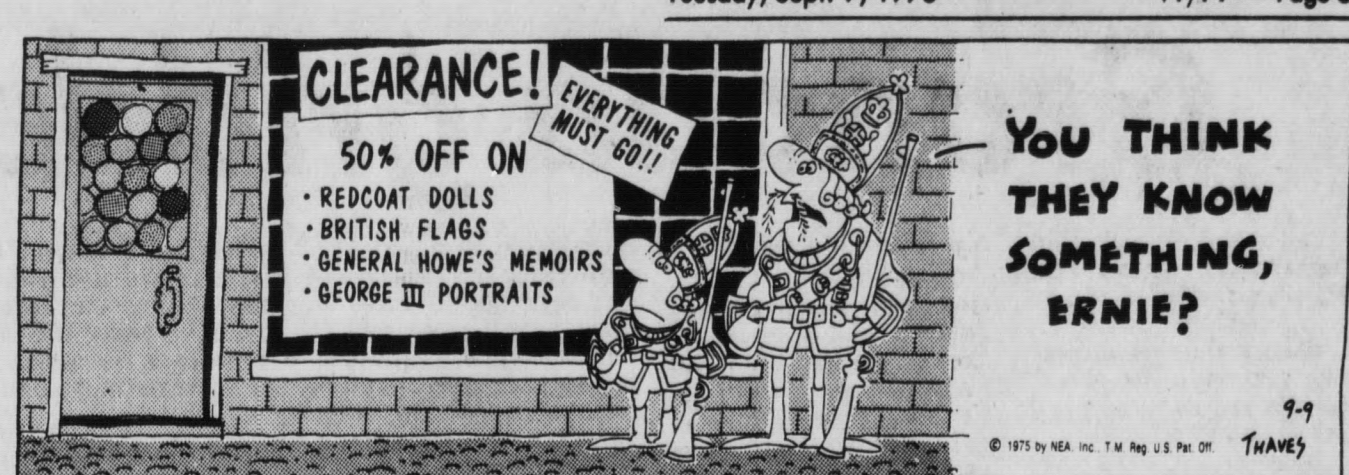

WIN AT BRIDGE

Bad players misplay bad cards

Furthermore, West's hand fulfilled one requirement for a sacrifice bid. He was pretty sure that South would make four hearts.
South did just that, but look what would have happened if West had pulled himself together and bid four spades.
North and South might have gone on to five hearts — down one. They might have doubled four spades or let East play there. If they had they would have been sorry. East would make four spades with no trouble at all.

Ask the Jacobys
An Oregonian asks what sort of hand South should have. North has opened one diamond, East has doubled and South has bid one notrump.
The answer to this one depends on partnership understanding, but in common with almost all experts and bridge teachers we play the bid to show eight or nine high-card points, a balanced distribution and certainly no five-card major suit.
(Do you have a question for the Jacobys? Write "Ask the Jacobys" care of this newspaper. The most interesting questions will be used in this column and writers will receive copies of JACOBY MODERN.)

By Oswald & James Jacoby
It has been said that bad cards make bad players. We aren't sure that this is so, but we do know that bad players tend to do even worse with bad cards.
West had one queen and no singleton and resigned himself to a loss the moment he looked at his hand.
Thus, it never occurred to him that when his partner bid all the way up to four clubs on his own that four spades to the queen-10 would warrant a four-spade bid.

Granada gridders aim for crown

Last season Granada High football was a year away. The Matadors finished with a 6-3 record and began reaping the transitory fruits of success, like "Player of the Week" plaques and mention in high school football polls.

Only twice were they chased off the field, tails dragging between legs. But the potential for that kind of defeat was still there.

Now, after a full season under head coach Don Couch, that potential may have been eliminated. The Matadors have a veteran offense. If they can piece together a

new defense, 6-3 may look a rebuilding year.

"We'll be a better football team," Couch promises. "I don't know if the record will be better, but we will be. We've had a year with our offense, and we've learned a lot about it. We've found some new things we can add to it. If we can cut down on fumbles and interceptions, then we'll be able to sustain our offense, and we won't have to play defense as much."

There are four returning starters in the defense this year, and all of them will be

two-way football players. The quarterback and leading running back will be forced to double-up in the secondary.

Granada's defense allowed just one touchdown in a week-end scrimmage against American High, but Couch is still not pleased with its progress. "I'm going to give them a real chewing out this afternoon," he said Monday morning. "They're just making fundamental mistakes, things we've worked and drilled on every day. The kids are learning and progressing, but the defense is way behind what it was last year."

Veterans Ed Ebert, Ron Freeman and Bob Otey return up front for Granada, and Doug Miller will be at corner back. Newcomers will fill up the rest of the unit.

Despite the youthful mistakes of the defense, Couch is still itching for the start of the season. He believes his offense will be a power house.

Granada will run the Houston veer again, and it will revolve around veteran quarterback John Walden. He played part-time as a shaky junior a year ago, but has returned to school a vastly im-

proved player, according to Couch.

"He's the kind of kid you'd want to run the veer. He's a good ball handler, he's fast (4.8 in the 40) and he worked all summer on throwing the ball."

The Matadors have six good running backs, which helps in the run-oriented wishbone attack. The best is 6-1, 180 senior Steve Jaeger. He rushed for 800 last season and should do better this time around.

He's being ticketed for at least 20 carries per game.

The other starter will be junior varsity graduate Paul Harris, not as big or as quick as the competition, "but a 100 per cent type of kid," according to Couch.

Vance Rushing, who played quite a bit last year, will back up Harris.

The offensive line will include Ebert and Otey at guards, with Freeman and Steve Carpenter at the tackles. Sophomore Mike Nultey, a 195 pounder, is the center. He may be the best player on the team, Couch says.

One vital man will be Tim

Duke, who is expected to replace the departed Rich Gutierrez at tight end. Rich was the key blocker on 90 per cent of all Granada running plays last year, because the veer is married to the blocks of the tight end.

Duke, Kevin Gosney and Rick Bosch are all challenging for the spot, but none possess Gutierrez' talent.

Despite that, Granada should be a stunning offensive team. Its defense will probably catch on midway through the season.

The biggest concern for the

Matadors is depth. They are like the den in a suburban home, richly paneled with a solid oak veneer, but underneath, flimsy plasterboard.

The secondary is so thin that Walden and Jaeger will be forced to play there. Walden doesn't have a healthy backup at quarterback, and should he be injured, the veer would collapse.

Couch must keep his players healthy. If he succeeds this time, the rewards could be more substantial, like a league championship.

Cruz scores twice, Crusaders take win

The Royal Crusaders opened Livermore's Al Caffo soccer season last weekend with a 3-1 victory over the San Ramon Privateers.

Wade Cruz scored two goals, and Don Boggini, the third.

Wally Hunter, Sean Alexander and Mike Braun held

down the defense. The Livermore Raiders belted the San Ramon Privateers, 5-0, aided by the excellent defense of Gary Johnson and Louie Aguir.

Shawn Kyle scored twice. Steve Hatton, Brian Emrich and Kevin Carnes also scored.

Under 12

Despite eight Ron Mueller saves in goal, the Royal War Lords fell to the Livermore Minutemen, 4-3. Kevin Hall, Mark Brannen, and Brannen again, scored.

The Royal Crossbows were crushed by the Fremont Vikings, 4-0, though Livermore goalies Mike Gregory and Jim Wright had 15 saves.

The Patriots edged the Diablos, 1-0, when Greg Brown scored three minutes before halftime. Kyal Dixon, Jeff Gancas, Charles D'Ambr and Dennis Black were defensive heroes.

In the Minutemen contest, Harold Harmon, John Gattousis, Ivan Farris and Mike Nutter scored for the winners.

Scott Huston scored twice but his Volunteers fell to the Dublin Hibernians, 4-2. Dick Treff and Ben Rivera played well.

Under 14

Eight saves by Dennis Thiessen insured the Rangers' 1-1 tie with the Centurions. Miguel Mitchell scored Ricky Long, Jeff Parra. The Shamrocks rocked the Cannon Balls, 4-0. Losing goalie John Wood had 14 saves. Andy Aguir scored.

Under 16

Ricky Wood played well with 15 saves in goal, but his Stars fell to Dublin's Colts, 2-0. Jim Kramer and Mike Morkowski were top defenders.

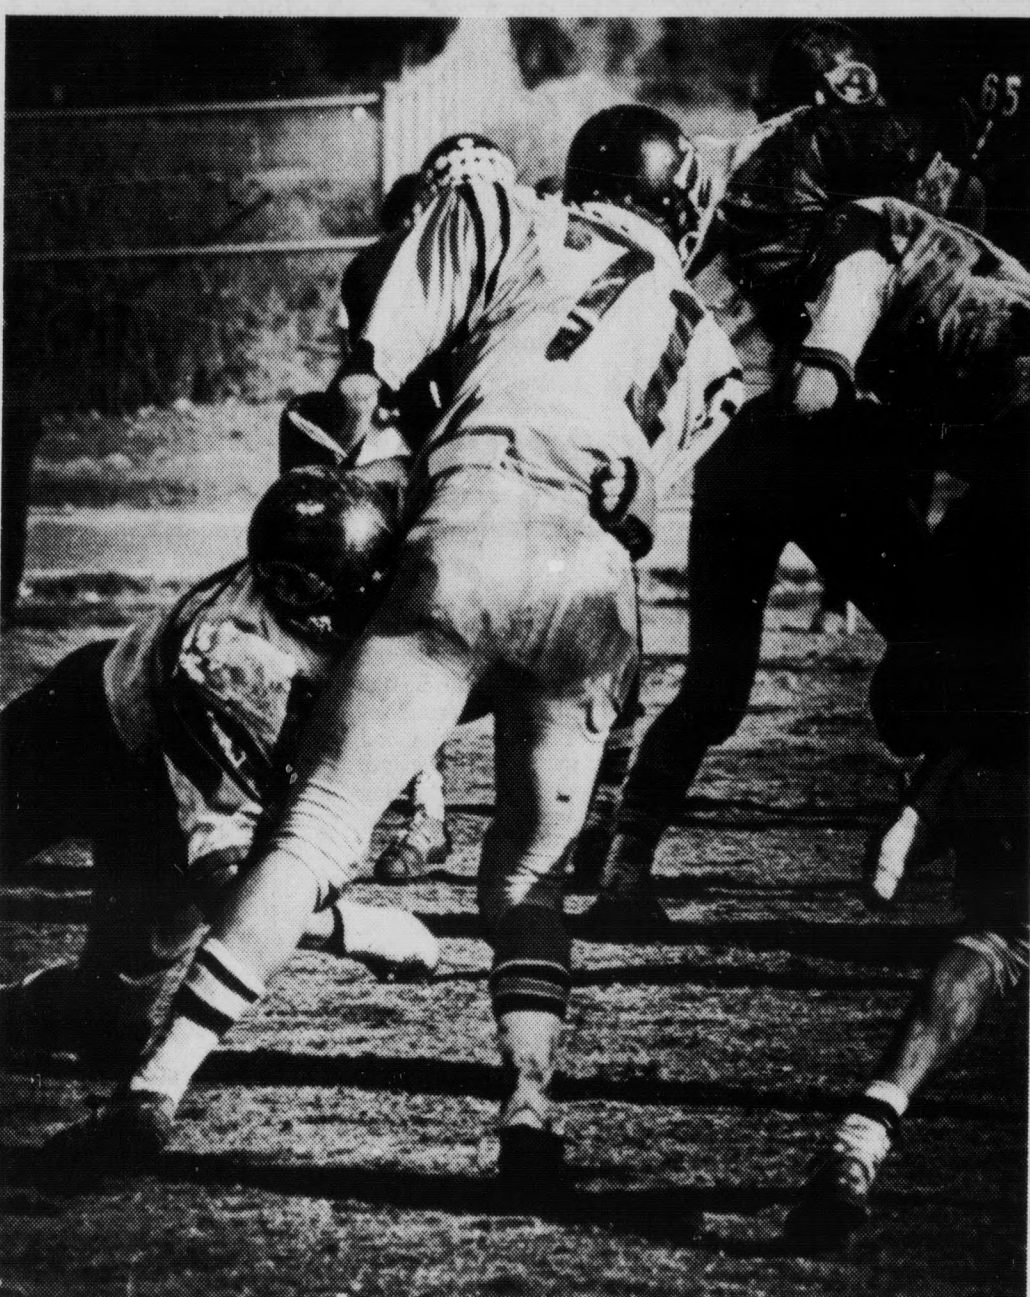

The Ballistic Dynamos battered the Royal Iron Dukes, 8-2. Rick Brixey had 15 saves. Kevin King and Corey Cruz scored.

Kenny Judd pumped home three scores in the Panthers' 5-0 win over the Wildcats. Raymond Lee and Tony Johnson also scored. Brad Holsworth had six saves.

Under 18

The Buccaneers rocked the Fremont Cyclones, 3-0, on goals by Bret Hildebrand, Larry Thiessen and Chris Talbot. Bob Boyle blunted Fremont with 15 saves. Cid Richards, Jeff Cofer and Bryan Bruce led the defense.

The Lightnings stunned the Ballistic Strikers, 5-0. Goals went to Mike Fields, Brian O'dell, Don Biggie, Brad Otto and John Brown. Sal Garrison and Roy Stamp combined for 21 saves.

Spinola leader at Las Positas

Joe Spinola will carry a one stroke lead into Saturday's final round of the Las Positas Men's Golf Club championship in Livermore.

Spinola finished the first weekend of play Sunday with a 36-hole total of 148, four-over par.

Defending champion Vic Wolfe is a shot behind at 149. They will stage a two-man battle in the concluding round Saturday. John DeLaveaga, the third place competitor, is six shots behind Wolfe.

Vic began Sunday's play five shots behind Spinola. He fired an even-par round of 72, however, while Joe stumbled to a 76.

In the first flight, Don Waldear has a two-round net score of 138, good for first

place by one stroke over Roy Tackett.

Lyle Head carded a 140 in the second flight to lead three golfers by a stroke. Hank Marklowitz, John Kaczor and Leo Hoffman are all bunched at 141.

Art Schumacher holds a commanding six-shot lead in the third flight after posting a 36-hole total of 136. Arnie Bledsoe and Doug MacMillan are tied for second at 142.

Squires win on long run

Mark Castillo's 60-yard kickoff return burst in the fourth quarter gave the Dublin Squires a 21-19 Pop Warner Football victory over Napa in the season opener Saturday.

Castillo ran the kick in for a touchdown, his second of the game, to overcome a 19-14 Napa lead.

Dublin took a 7-6 lead at halftime on Chris Elbert's 20-yard scoring jaunt in the second period.

Castillo scored on end-around in the third quarter for the Squires.

Chris Lusvardi, John Bareford and John Howlett played well defensively. Bareford and Howlett intercepted passes.

The Dublin Lancers crushed the Oakland Dynamites, 46-0 with an oppressive rushing attack. They picked up 326 yards on the ground, and 71 more via passes. Mark Sanchez, Jack Trudeau and Pat Murphy all gained 90

yards on the ground. Linemen Cliff Pope and Mike Sandoval opened the holes for those backs.

Sanchez scored twice on runs of 39 and 68 yards. Trudeau scored two and passed 28 yards to Cam Whitty for another touchdown. Murphy scored on an end-around. Kevin Trudeau threw one touchdown pass.

On defense, Bob Peterson had 10 tackles. Sandoval, Mike Damoulos and Todd Dry played well.

The Dublin Knights fought back against the Monterey Packers, but still dropped a 20-14 decision.

York throttles Truckin nine

Rick York pitched a five-hitter for Ideal Drayage as that team earned a 5-0 Livermore Slow Pitch Softball victory over Truckin.

York scattered the hits over five different innings. He only allowed Truckin to put two runners on base simultaneously in the fifth inning.

Ideal struck for three runs in the third inning on Mark Barbano's two-run double, and Jim McDonagh's single.

McDonagh and Gary Tas-

sielli drove in runs in the fifth inning.

Tri-Valley Heating and Air Conditioning edged Paul Marsh Shell, 11-10, scoring a run in the last of the sixth inning on Joe Benjamin's single. Bruce Banks homered for the winners and drove runs.

Ray Street and Bud Earnshaw each slammed two-run triples for the winners. Bill Prokosch led Paul Marsh with three hits.

New York Life downed Trinity Baptist, 8-4.

Missouri gridders roll over Alabama

BIRMINGHAM, Ala. (AP) — Missouri's unheralded man-eating Tigers, led by the power running of Tony Galbreath and an unrelenting defense, snapped second-ranked Alabama's 22-game regular-season winning streak with a stunning 20-7 upset victory Monday night.

The nationally televised college football game was the opener for both teams and marked Alabama's worst regular-season defeat in 50 games since Tennessee blanked the Crimson Tide 24-0 midway through the 1970 campaign.

Galbreath, a 225-pound senior tailback, rambled for 89

yards on 19 first-half carries, including a three-yard touchdown burst that gave the Tigers a 7-0 lead with seven minutes gone in the game. Galbreath finished with 120 yards in 32 carries.

John Blakeman scored Missouri's other touchdown on a nine-yard run while Tim Gibbons booted field goals of 44 and 46 yards, the two longest of his career.

Meanwhile, tackles Randy Frisch and Keith Morrissey, along with second-stringer Tom Cooper, keyed a swarming and quick Missouri defense that stifled the supposedly explosive Crimson Tide with just three yards total offense on its first nine plays.

Cyclists take on tough 100-mile tour

Nearly 600 bicycling enthusiasts of every description pedaled their way along the Hekaton Century Classic Bicycle Tour sponsored Sunday by the Valley Spokesmen Bicycle Touring Club.

The tour offered cyclists a choice of 25, 50 and 100 miles and took them as far south as Sunol, as far east as Tassajara, as far west as Castro Valley, and as far north as San Pablo.

The group consumed a colossal amount of refreshments — 130 pounds of Hershey's chocolate bars, 45 pounds of salami, 148 gallons of lemonade,

80 pounds of cheese, 14 cases of oranges — and peanuts, bananas, candy, bread.

A total of about 255 completed the hundred-mile loop, with the fastest time at six hours and the last bikes puffed in after some 12 hours on the road.

(Top) Cyclists from the Valley Spokesmen Touring Club begin the long trek along the arduous 100-mile Hekaton Century Classic Bicycle Tour. (Middle) A quick repair, and two eager cyclists prepare to take off to-ward a

finish. (Above left) A Spokesman sports a new invention to the sport — a rear view mirror mounted to his glasses. (Above) Economizing on bicycles has its drawbacks — such as being very cramped on a 100-mile tour!

1. NOTICE TO CONTRACTORS.

Sealed proposals will be received at the Office of Engineering Services of the City of Pleasanton, Civic Center 200 Bernal Avenue, Pleasanton, California, until September 18, 1975, 2:00 P.M. P.D.S.T. for the construction of landscape improvements in the following portion of the City:

The Construction of Landscape improvements, Walnut Grove Park, delineated by project plans.

Plans, specifications, and standard proposal form to be used for bidding on this project can be obtained at the office of Engineering Services, 200 Bernal Avenue, Civic Center, Pleasanton, California, and copies thereof may be obtained at said office upon payment of the sum of Five Dollars (\$5.00) per set with no refund.

No Bid will be considered unless it is made on a blank form furnished by the City Engineer and is made in accordance with provisions of the Proposal Requirements and Conditions set forth under Section 2 of the Standard Specifications of the State of California.

The Bidder to whom award is made shall furnish performance and payment bonds at the time of signing of the formal agreement. One of the said bonds shall guarantee faithful performance of the contract by the Contractor and shall be executed in an amount equal to the contract price. The other of the said bonds shall be furnished as required by the terms of Sections 4200 and 4208 of the Government Code of the State of California, and shall also be executed in the amount of the contract price.

Said Bidder shall secure and maintain such insurance policies as are required and submit evidence that such insurance will be in force for the length of the contract, and shall submit evidence of a valid State of California Contractor's License in the category required for the work being performed, and a current business license to conduct business in the City of Pleasanton, California.

The City of Pleasanton reserves the right to reject any or all bids and to waive any informality or irregularity in any bid, or to delete portions thereof.

Prevailing wage rates have been adopted by Resolution No. 75-59 by the City Council, and are on file with the City Clerk. It will be necessary for a notice of the existence of said resolution to be provided to each employee who works on the project or post the notice in a conspicuous place at the job site.

A Statement of Financial Responsibility, Technical Ability and Experience, and a list of Subcontractors shall accompany all proposals. Failure to furnish such statements may result in rejection of the proposal. Forms for these statements will be furnished by the City Engineer.

More than 13,000 in state

Scholarships available for valley students

Three kinds of state scholarships are available for collegebound students, the State Scholarship and Loan Commission announced today.

Students are encouraged to apply this fall, although next year's college courses may still seem far off.

The first type of grant, State scholarship awards, will pay a student at an independent college from \$600 to \$2,500; at the University of California from \$300 to \$600; and at the California State University and Colleges, \$190. There will be 13,200 of these scholarships given out for

1976-77. An applicant must take the Scholastic Aptitude Test; file a Parents' Confidential Statement by Dec. 6, 1975; and be an undergraduate with no more than six semesters or none quarters of college work already completed.

State scholarship awards are based on scores on the Scholastic Aptitude Test of the College Board Admissions Testing Program. The test

must be taken on: Oct. 11, 1975, Nov. 1, 1975 or Dec. 6, 1975. Scores from an earlier SAT test may not be substituted.

Second is the College Opportunity Grants, especially for low-income students who for the most part come from minority families.

No test scores are required to qualify but a 1976-77 Parents' Confidential Statement must be filed by Dec. 6, 1975.

An applicant must not have completed more than one semester of college work as a full-time student or 16 semester units on a part-time program by June 30, 1976. The application must be postmarked no later than Dec. 6, 1975.

There will be 3,100 "Opportunity Grants" awarded, at least half of them for community-college students.

They will range from \$500 to \$900 according to the student's need.

Third are Occupational Education and Training Grants. They are short-term scholarships given to students who want to train in a field where there are manpower shortages. Up to \$2,000 for a year will be given to each student, plus up to \$500 for training-related costs such as tools

and transportation.

An applicant must demonstrate occupational achievement or aptitude and file a Parents' Confidential Statement by Feb. 27, 1976.

The appropriate forms are on hand at all local high-school counseling offices or from the State Scholarship and Loan Commission, 1410 Fifth St., Sacramento, CA 95814.

Hotline contest still open

PLEASANTON — There's still time to compete for a plant, a book and a record by finding a name for the combined Hotline-Valley Youth Services agency on Railroad Avenue.

The new service is headed by Candy Ingram, who formerly was director of "Hotline." The merger was made last week for economy and efficiency, and also to allow both agencies to serve the entire valley where previously Hotline was oriented to the west end of the valley and VYS served the east end.

Community-based drug and alcoholism counseling, a 24-hour crisis and referral switchboard, and other services for youth and families are offered to all Valley residents by the county-funded organization, located at 4361 Railroad Ave. (462-5544.)

A new name is needed as a substitute for the cumbersome "Hotline-Valley Youth Services." Although more than 50 suggestions have already been received, the staff decided to extend the contest deadline to give a second chance to those who thought they had a good idea but never got around to submitting it.

Suggestions may be entered in person, by phone or by mail.

Prizes have been donated by Misty Gardens, Book Haven and Odyssey Records, all in Livermore.

Get behind 8-ball at teen pool match

LIVERMORE — Teens are needed to get behind the eight-ball.

An eight-ball pool tournament begins Monday, Sept. 22, at 6 p.m. in the Recreation Center, Eighth and H Streets. Entry fee is \$1 per person and signups will be taken until Friday, Sept. 12, at the Rec Center and the Livermore Area Recreation and Park District office, 71 Trevano Road.

Prizes are a pool cue to the winner of each division and trophies to the second and third-place winners in each division.

Sponsored by LARPD, the tournament will be a double elimination tournament with two divisions: seventh-eighth grade and high school.
